

Winter should be a time for comforts, not high energy costs.

Wisconsin's Home Energy Assistance Program (WHEAP) provides assistance with heating costs and energy crisis situations to income-qualified households.

Energy assistance is a one-time payment each heating season (October 1 through May 15).

Assistance benefits vary according to household size, income level, and heating costs.

If you qualify for heating assistance, you also will be eligible for a credit for non-heat electric costs, with no additional paperwork required.

Please share this information with others in the community who might benefit from this program.

For information on applying for energy assistance, call toll-free:

1-866-432-8947
or
1-866-HEATWIS
